Dear Sir / Madam

Reference: HSdataline – Telford and Wrekin Council data cabling supplier.

HSdataline have been contracted to Telford and Wrekin Council since 1997, as a Main Contractor for the provision of Data cabling service's and products. HSdataline have installed the vast majority of Structured Cabling and Fibre Optical Cabling requirements within our Schools, Colleges, Civic Offices and Council sites under the management of Telford and Wrekin Council. HSdataline have assisted the Council with the Development and Implementation of our Data Cabling Systems, we have found their knowledge and experience to be real asset to the Council's internal IT Departments.

HSdataline provide the Council with Project Management services which include liaising with our internal IT Department and site IT Administrators, to discuss cabling requirements and plan installation dates.

The engineers employed by HSdataline carry out a wide range of installation projects, which cover many different environments and locations within the Borough. The engineers are generally polite and courteous, to our staff and end users. The HSdataline engineers have demonstrated a very good knowledge of Structured Cabling installations and their experience shows from the very high standard of completed projects.

Telford and Wrekin Council recommend HSdataline for Network Structured Cabling Systems, Project Management and Design for Clients requiring these services within the Educational and Commercial sectors.

Yours faithfully

Tom Greatorex
